Pete Holmes (left) and Chi McBride star in "How We Roll," premiering Thursday on CBS.

'How We Roll' is right up Pete Holmes' alley

In his new sitcom, Pete Holmes has a ball, very literally.

The comedian who starred in "Crashing" and "The Pete Holmes Show" makes a leap from cable to broadcast television – and also from semi-autobiographical material to someone else's saga – in "How We Roll," a CBS sitcom debuting Thursday, March 31. The show is based on the true story of Tom Smallwood, a downsized Midwestern auto worker who decides to pursue his dream of becoming a pro bowler, supported by his wife (Katie Lowes) and an alley proprietor (Chi McBride).

Noting such previous bowling-themed projects as TV's "Ed" and the movies "The Big Lebowski" and "Kingpin," Holmes muses, "I'm not too familiar with the lingo, so I'll just say that this is about real, heavy-ball bowling. My experience with bowling is similar to that of maybe most Americans ... it's something I don't do that often, but when I do, I remember how much fun it is.

"I was lucky enough to have a few lessons with professionals," Holmes notes of his preparation for the series. "I didn't learn so

much how to bowl, but how to look like I know how to bowl. And they told me very interesting stories about hustling when they were growing up and taking people for a lot of money, because nobody expects anyone to be very good at bowling. But these people were."

Still, Holmes is relieved that he has to look proficient only to a certain degree: "Even when we do an episode that hinges on a tournament, in most of the scenes, I've either just finished bowling or I'm about to bowl. The reason for that is that the show really is about friendship and family and the work relationships you have. In this case, the job is bowling."

Since much of his earlier comedy stemmed from his own life, Holmes finds "How We Roll" a major change in that way. "I really like it," he maintains. "Coming from a comedy background, my first concern is always nailing the joke. Then, it slowly hit me that I have an opportunity to build a character here. It's what so many actors do on so many jobs, but so often, I've played myself. I'm starting for the first time to go, 'Wait. I'm going to answer some questions about this person just for me.'"

movie review

BY JAY BOBBIN

'St. Elmo's Fire' stays lit

Almost 40 years later, its stars largely remain identified as members of the so-called "Brat Pack."

Such was the impact "St. Elmo's Fire" initially had ... and continues to have, with Hulu currently streaming the 1985 comedy-drama. Directed by the late Joel Schumacher, the film was seen at the time as a younger take on "The Big Chill," which had been released two years earlier ... and it's no small thing that every major star of the picture has had an enduring career.

The central characters are friends from college who remain a tight-knit group, frequenting a Georgetown bar and leaning on one another while dealing with their respective steps into adulthood. Billy (Rob Lowe) is a big reckless musician who's pretty much a washout as a young husband and father, but his sincere social-worker pal Wendy (Mare Winningham) loves him unconditionally. The emotionally shaky Jules (Demi Moore) worries her buddies through her personal involvement with her boss.

Political worker Alex (Judd Nelson) is unfaithful to longtime girlfriend Leslie (Ally Sheedy), eventually complicating the close relationships both have with aspiring writer Kevin (Andrew McCarthy). And entrepreneur-in-training Kirby (Emilio Estevez) develops a massive crush on an older doctor (Andie

MacDowell) that drives him to make some questionable moves.

Much of what makes "St. Elmo's Fire" works is how generally agreeable the cast is, keeping the proceedings interesting no matter what combination the actors are in ... whether it's only two of them or virtually all of them together. By definition, that also keeps the dynamic changing; you get something much different, for instance, from Sheedy with Nelson than you do from Sheedy with McCarthy.

Others drop in along the way – veteran talent Martin Balsam drops in for a couple of scenes as Winningham's father – but "St. Elmo's Fire" has enough pivotal figures for the movie to stay pretty much trained on them, and also on the theme the film really revolves around: Regardless of what the calendar says, when does one's adult life really begin? And are you truly ready for it?

That's the universality of "St. Elmo's Fire," and likely the reason it endures for so many fans while continuing to add new generations of followers. For the stars, it's also an immediate identifier that has earned them many lifelong devotees, some of whom may think of Lowe here as they watch him now in the Fox series "9-1-1: Lone Star." And right there is evidence that this "Fire" still burns.

BEST CLARK GABLE MOVIES

"Red Dust" (1932) Gable and Jean Harlow sizzled, in all ways, in this drama of passion on a rubber plantation in Indochina.

"It Happened One Night" (1934) Director Frank Capra's all-time comedy great is the prototype of the "road movie," with an Oscar-winning Gable as a reporter pursuing a runaway heiress (Claudette Colbert, who also earned an Academy Award).

"Mutiny on the Bounty" (1935) Gable's Fletcher Christian opposes Charles Laughton's tyrannical Captain Bligh on the high seas in this classic saga.

"Gone With the Wind" (1939) Well, of course. It's a movie-industry legend that the public "demanded" that Gable play novelist Margaret Mitchell's roguish Civil War-era hero Rhett Butler ... and the sparks he generated with Vivien Leigh's Scarlett O'Hara have proven their wish correct in

all of the epic's re-releases and telecasts since. The next one is Sunday, March 27, on TCM.

"Boom Town" (1940) Gable and Tracy are reunited as oil tycoons in the making ... and rivals.

"Run Silent, Run Deep" (1958) Director Robert Wise's first-rate submarine drama features Gable (opposite Burt Lancaster) as a commander on a revenge mission after his precious vessel was sunk by Japanese forces.

"Teacher's Pet" (1958) Gable and Doris Day provide the star power in a romantic comedy about an incognito newspaper editor who takes a journalism professor's class.

"The Misfits" (1961) Gable wouldn't live to see the release of his final film, the Arthur Miller-written, John Huston-directed drama of the relationships among several dissimilar people, including the cowboy played by Gable and the new divorcee portrayed by Monroe.

Why You Should Have a Primary Care Provider

A primary care provider (PCP) should be your first source for routine, nonemergency medical care. You also can see a PCP by appointment when you are sick. Primary care providers can be physicians, nurse practitioners or physician assistants.

Having a PCP is important because:

- Your provider knows you and your health history.
- PCPs help patients establish healthy lifestyles that can prevent illnesses.
- Having a PCP is cost-effective and efficient.
- Our PCPs are part of Great River Health's network of more than 60 specialty health care providers.
